

Bega Church Service

Invocation

Surely the presence of the Lord is in this place;
 I can feel His mighty power and His grace.
 I can hear the brush of angels' wings,
 I see glory on each face;
 Surely the presence of the Lord is in this place.

10 August, 2019

Welcome

Wishing you all a blessed Sabbath day, and praying that our prayers will be heard.

"If my people, which are called by my name, shall humble themselves, and pray, and seek my face, and turn from their wicked ways; then will I hear from heaven, and will forgive their sin, and will heal their land". 2 Chronicles 7:14

Health Nugget

The Divine Prescription & Science of Health & Healing by Gunther B. Paulien, Ph.D.

Apricots

In folk medicine, the apricot's primary medicinal part is the kernel, which is a source of the ANTI-CANCER agent LAETRILE. The apricot is cherished by the HUNZAS as a source of exceptional longevity. It is said to be equal to liver in hemoglobin regeneration. Apricots have little or no fat, sodium, or cholesterol. They have plenty of POTASSIUM, VITAMINS A and B2. They rate high in ALKALINITY. They contain COBALT which is necessary for treating anemic conditions. They are high in iron and richer in minerals than most fruits. They are good body cleansers. They are said to help prevent cancer because of their content of BETA CAROTENE or pre-vitamin A, which has been very successful in thwarting cancer in laboratory animals. People who eat lots of fruits and vegetables, high in beta carotene, have lower rates of CANCER of the LUNG, SKIN, LARYNX, PANCREAS, STOMACH, BLADDER, and ESOPHAGUS. They are also indicated in cases of ANEMIA, TUBERCULOSIS, ASTHMA, BRONCHITIS, GALL STONES, DIARRHEA, and TOXEMIA."
